I cannot resist stating my displeasure in being drawn into this ridiculous and frivolous class action suit. Where was due diligence used in selecting potential case members? I am sure Pershing LLC could have provided the information that I did not take any action regarding Tesla stock between Aug7 and Aug 17, 2018. Requiring one to opt out in writing with details is likely to cause people to decide to skip it. Then there was the advice on the web site advising anyone who was considering opting out to consult an attorney first. Seems set up to me to try to retain as many people in this suit as possible. Then there is the matter of the suit itself. When I heard from a news source (not social media) that the company might go private I thought Musk had finally had enough. He decided to rattle the cages of the jack asses that were always shorting the stock. Who would think a statement on social media carried the weight of being legally binding? I wouldn't. Tell me is this the thing to do now? When I don't get something I merely think I have coming to me it's okay to sue to get my way. Really?

Hello,

Further to your letter sent to us as a TSLA shareholders, [REDACTED] Australia re: Tesla Class Action.

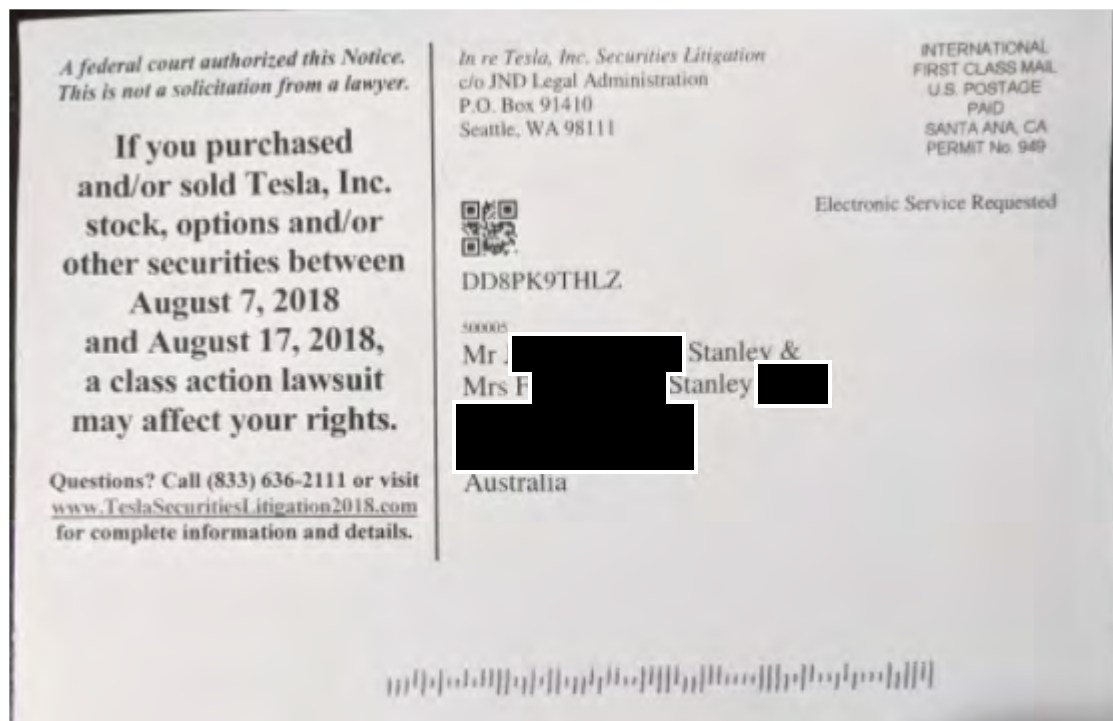

We have read it and checked the website referred to in it.

We never "opted in" to the class action and it seems to me that the process to "opt out" is onerous on us insofar as all the information we need to provide in written, posted form to opt out. You clearly know some of our shares fall within the date range, hence you sending us the letter in the first instance.

We wish to "OPT OUT" but we won't be following your instructions to do so. In this day and age, an email or digitally signed pro-forma should suffice.

Gentlemen / Ladies:

I received the class action lawsuit regarding the Tesla lawsuit and request exclusion from this class action.

While Mr. Musk has in the past been somewhat cavalier and careless regarding public pronouncements regarding TSLA stock, I have been nevertheless pleased with the company's performance and have no interest in being part of any effort to distract or discredit either TSLA or Mr. Musk. I understand others may have had greater stakes than I or had suffered setbacks, but if there were any outcome to the lawsuit, I would only hope that it reinforces past court orders for Mr. Musk to restrain himself from making public pronouncements based on less than substantial facts. Aspirations and goals are not statements of fact and should be differentiated accordingly.

What is this notice?

A class action has been filed, and you may be a member of the class. If you do not wish to be a part of the class, you must respond to this notice with a written request for exclusion (see below). If you are a broker or custodian, please immediately review the full Notice at the website below for instructions on providing timely notification to beneficial owners.

A class action lawsuit called *In re Tesla, Inc. Securities Litigation*, No. 3:18-cv-04865-EMC (the "Action") is now pending in the U.S. District Court for the Northern District of California against Tesla, Inc. ("Tesla"), Elon Musk, Brad W. Buss, Robyn Denholm, Ira Ehrenpreis, Antonio J. Gracias, James Murdoch, Kimbal Musk, and Linda Johnson Rice (collectively, "Defendants"). The lawsuit alleges, among other things, that in August 2018, Elon Musk made false and/or materially misleading statements via Twitter about Tesla possibly becoming a private company. Defendants strongly deny that they did anything wrong. The Action has been certified as a class action on behalf of the Class described below, except for certain persons and entities that request to be excluded from the Class. The Court has appointed Plaintiff Glen Littleton to represent the Class as the Class Representative. By certifying the Class and authorizing this notice, the Court is not suggesting that the Class Representative will win or lose this case; he will instead attempt to prove his claims in proceedings that will occur in the future. This notice is intended only to advise you that the Action has been certified as a class action and of your rights with respect to the lawsuit. Additional information about the Action and your rights is available at www.TeslaSecuritiesLitigation2018.com or by calling (833) 636-2111.

Why am I being contacted?

You are a member of the Class if you purchased and/or sold Tesla stock, options, and/or other securities between 12:48 P.M. EDT on 8/7/2018 and 8/17/2018.

WELCOME TO THE TESLA, INC. WEBSITE

The information contained on this website is only a summary of the information presented in more detail in the Notice of Pendency of Class Action. Because this website is just a summary, you should review the Notice for additional details.

Summary of the Action

The purpose of the Notice is to inform you of a class action lawsuit now pending in the United States District Court for the Northern District of California (the "Court") against Tesla, Inc. ("Tesla") and Elon Musk, Brad W. Buss, Robyn Denholm, Ira Ehrenpreis, Antonio J. Gracias, James Murdoch, Kimbal Musk, and Linda Johnson Rice (collectively, "Defendants"). The Notice is intended only to advise you that the action has been certified by the Court to proceed as a class action on behalf of certain purchasers and/or sellers of Tesla securities and your rights with respect to the lawsuit. If you do not wish to be a part of the class, you must respond to this notice with a written request for exclusion by October 8, 2021 (see page 5 of the Notice).

Elon Musk, Tesla, and the other Defendants deny that they did anything wrong and believe that the claims have no merit. Among other things, Defendants contend that the challenged statements were entirely true; that Defendants did not make any materially

false or misleading statements; that they did not act with scienter; that the Class Representative and the Class cannot show damages; and that there is no control person liability.

The Court has not decided who is right and there has been no monetary recovery. By certifying the Class and authorizing the Notice, the Court is not suggesting that the Class Representative will win or lose this case. The Class Representative will attempt to prove his claims in proceedings that will occur in the future.

The Class consists of:

All individuals and entities who purchased or sold Tesla stock, options, and other securities from 12:48 p.m. EDT on August 7, 2018 to August 17, 2018 and were damaged thereby

WHAT ARE MY OPTIONS?	
Do Nothing	<p>Stay in this lawsuit. Await the outcome. Give up certain rights.</p> <p>By doing nothing, you keep the possibility of sharing in any recovery (monetary or otherwise) that may result from a resolution in favor of the Class, such as a trial or a settlement. In exchange, you give up any right you may have to sue Defendants separately about the same factual circumstances and legal claims being raised in this lawsuit, and you will be bound by the outcome of this case if tried before a jury or decided by the Court. If the parties agree to a settlement, then you will have another opportunity to opt out or exclude yourself from the case at that time.</p>
Ask to be Excluded by October 8, 2021	<p>Get out of this lawsuit. Get no benefits from it. Keep your rights.</p> <p>If you ask to be excluded from this lawsuit, you will not be bound by what happens in this case and will keep any right you might have to sue Defendants separately about the same factual circumstances and legal claims being raised in this lawsuit. If a recovery is later awarded in this case, you would not share in that recovery.</p>

How do I obtain more information?

More detailed information about the Action is contained in the full Notice available on the Important Documents page on this website. Additional information can also be obtained by contacting the Notice Administrator by calling toll-free 1-833-636-2111; emailing info@TeslaSecuritiesLitigation2018.com; or mailing a letter to:

RE: Request **exclusion** from the Class in *In Re Tesla, Inc. Securities Litigation*, Case No. 3:18-cv-04865-EMC (N.D. Cal.).

To Whom It May Concern:

I received a notification in the mail stating that I had been added (without my consent) to a class action lawsuit against a company I hold in the highest regard. The notice specified that I **"must** submit a written request for exclusion."

Per the document entitled TES - Longform Notice - Final 6.14.21.pdf downloaded from <https://www.teslasecuritieslitigation2018.com/documents> on August 20, 1021, I hereby not only request but demand that I be completely excluded from the Class in *In Re Tesla, Inc. Securities Litigation*, Case No. 3:18-cv-04865-EMC (N.D. Cal.).

The information required per the PDF is below. I am submitting this information under protest for the following reasons:

- 1) I did not ask to be included in this lawsuit. It would be far more fair and logical to be provided with a notice and the option to opt in (not be forced to opt out, taking considerable time).
- 2) Having been included by default, the least you could have done was make it easy to opt out. It is clear that your method is intended to place an onerous burden on those who do not wish to participate in order to maximize the number of class participants.
- 3) Information about me or my share purchases is none of your business and is hereby provided under protest since there is no other apparent option to withdraw from your action.
- 4) I'm no lawyer but this lawsuit strikes me as frivolous, inappropriate and completely ridiculous. People buy and sell stock all the time for all sorts of reasons. No one put a gun to my head and forced me to buy it. Actions like this give the legal system a bad reputation, whether you are in technical compliance with the law or not.
- 5) On the other hand, your actions have caused me to spend valuable time on something I want nothing to do with. Since I'm sure you understand the value of *your* time, please remit \$250.00 in the form of a check to my address below as compensation for the time *I spent* responding to your absurd demand.

It is my informed opinion, based on substantive facts and direct experience, that Tesla, Inc. is an amazing company and one of very few that is actually taking direct, effective, meaningful action to mitigate climate change. Mr. Musk has earned my utmost respect.

I own two Tesla vehicles (with a third on order). Having driven these vehicles for years, I can say they are the best products I have ever encountered, bar none. Elon Musk and the entire Tesla team

should be praised for their incredible mission and their commitment to excellence. Rather than participate in a lawsuit against them, I would much prefer to give each of them a big hug of gratitude. I am a proud shareholder. I continue to buy TSLA stock (when I can) and have not sold a single share.

It pains me to learn of this class action lawsuit against a company that is working so hard to help every person on Earth by accelerating the transition to sustainable energy, and by building cleaner, safer vehicles. It is my strong opinion that this class action should be completely dismissed.

Please respond in writing with confirmation that I have been successfully excluded from the Class in *In Re Tesla, Inc. Securities Litigation*, Case No. 3:18-cv-04865-EMC (N.D. Cal.).

Thank you.

RE: Tesla, Inc. Securities litigation
No.: 3:18-CV-04865-EMC

Dear Ms. Soong,

We received this notice that, since we purchased or sold Tesla shares between 8/7/2018 – 8/17/2018. We wish to go on record to unequivocally oppose this sham of a lawsuit, backed by short sellers, who along with the attorneys bringing the suit, have only one motive, which is to bring down the value of Tesla stock so they can make a short term, fraudulent profit off the back of the very investors that they are pretending to represent.

Elon Musk and Tesla are the ONLY entities truly responsible for providing the technical battery and EV advancements necessary to allow the governments and the public their only possibility to slow and reverse the absolute collapse of our ecosystems and eventually civilizations because of the catastrophic, human driven global warming!

I would, however, be happy to join any class action against the blood-sucking short sellers, who can only get rich by denigrating companies who are actually building the future. The short sellers are why Elon Musk considered taking Tesla private.

If there were true integrity in the judicial system, there would be world-wide class action against all the oil companies, coal industry, and all the legacy car companies who intentionally did everything in their power to see as much fossil fuels burned as fast as possible out of pure greed, with the actual world-wide damages in the tens of trillions of dollars, and soon to be hundreds of trillions of dollars with the collapse of farming, ecosystems and oceans, and civilization as we've know it.

If you do not, in that case you will automatically be included in the class, or (2) exclude yourself from the Class. **Whether you do or not, your rights may be affected.** If you choose to remain a member of the Class, you do not need to do anything at this time (other than retain your documentation reflecting your transactions in Tesla securities). You will automatically be included in the Class, and you will be bound by the proceedings in this Action, including all past, present and future orders and judgments of the Court, whether favorable or unfavorable. If you are a Class Member and do not wish to remain a member of the Class, you must take steps to exclude yourself from the Class. If you timely and validly request to be excluded from the Class, you will not be bound by any orders or judgments in the Action, and you will not be eligible to receive a share of any money that might be recovered in the future for the benefit of the Class. To exclude yourself from the Class, you must submit a written request for exclusion postmarked no later than October 8, 2021, in accordance with the instructions set forth in the full Notice (see below). If at a later date the parties decide to settle, then you will have another opportunity to exclude yourself from the Class. Absent settlement, however, you will not be able to exclude yourself from the Class or subsequent orders and judgments if you do not request exclusion in response to this notice.

Do I have a lawyer?

Yes. The Court has appointed lawyers from Levi & Korsinsky, LLP as "Class Counsel." They represent you and other Class Members. Unless you hire your own personal lawyer, as a Class Member you will not have any direct obligations to pay the costs of this lawsuit. If you hire your own lawyer, you will need to pay your own legal fees.

8 AUG-2018 SOLD 50 \$374.99
20 AUG BOUGHT 50 \$299.

You are a member of the Class if you purchased and/or sold Tesla stock, options, and/or other securities between 12:48 P.M. EDT on 8/7/2018 and 8/17/2018.

Why am I being contacted?

A class action lawsuit called *In re Tesla, Inc. Securities Litigation*, No. 3:18-cv-04865-EMC (the "Action") is now pending in the U.S. District Court for the Northern District of California against Tesla, Inc. ("Tesla"), Elon Musk, Brad W. Buss, Robyn Denholm, Ira Ehrenpreis, Antonio J. Gracias, James Murdoch, Kimbal Musk, and Linda Johnson Rice (collectively, "Defendants"). The lawsuit alleges, among other things, that in August 2018, Elon Musk made false and/or materially misleading statements via Twitter about Tesla possibly becoming a private company. Defendants strongly deny that they did anything wrong. The Action has been certified as a class action on behalf of the Class described below, except for certain persons and entities that request to be excluded from the Class. The Court has appointed Plaintiff Glen Littleton to represent the Class as the Class Representative. By certifying the Class and authorizing this notice, the Court is not suggesting that the Class Representative will win or lose this case; he will instead attempt to prove his claims in proceedings that will occur in the future. This notice is intended only to advise you that the Action has been certified as a class action and of your rights with respect to the lawsuit. Additional information about the Action and your rights is available at www.TeslaSecuritiesLitigation2018.com or by calling (833) 636-2111.

A class action has been filed, and you may be a member of the class. If you do not wish to be a part of the class, you must respond to this notice with a written request for exclusion (see below). If you are a broker or custodian, please immediately review the full Notice at the website below for instructions on providing timely notification to beneficial owners.

What is this notice?

What are my options?

If you are a Class Member, you have the right to decide whether to remain a member of the Class. You can (1) do nothing, in which case you will automatically be included in the class, or (2) exclude yourself from the Class. **Whether you act or not, your rights may be affected.** If you choose to remain a member of the Class, you do not need to do anything at this time (other than retain your documentation reflecting your transactions in Tesla securities). You will automatically be included in the Class, and you will be bound by the proceedings in this Action, including all past, present and future orders and judgments of the Court, whether favorable or unfavorable. If you are a Class Member and do not wish to remain a member of the Class, you must take steps to exclude yourself from the Class. If you timely and validly request to be excluded from the Class, you will not be bound by any orders or judgments in the Action, and you will not be eligible to receive a share of any money that might be recovered in the future for the benefit of the Class. To exclude yourself from the Class, you must submit a written request for exclusion postmarked no later than October 8, 2021, in accordance with the instructions set forth in the full Notice (see below). If at a later date the parties decide to settle, then you will have another opportunity to exclude yourself from the Class. Absent settlement, however, you will not be able to exclude yourself from the Class or subsequent orders and judgments if you do not request exclusion in response to this notice.

Do I have a lawyer?

Yes. The Court has appointed lawyers from Levi & Korsinsky, LLP as "Class Counsel." They represent you and other Class Members. Unless you hire your own personal lawyer, as a Class Member you will not have any direct obligations to pay the costs of this lawsuit. If you hire your own lawyer, you will need to pay your own legal fees.

Where can I find additional information?

For the full Notice and more information about the Action, including how to exclude yourself, go to www.TeslaSecuritiesLitigation2018.com or call (833) 636-2111.

If you are a broker or custodian, please immediately review the full Notice at the website above for instructions on providing timely notification to beneficial owners.
